ADVERO PROPERTIES ISSUES A PUBLIC PURCHASE OFFER FOR 100% OF THE SHARES OF VBARE IBERIAN PROPERTIES SOCIMI

ADVERO has currently a residential rental portfolio of 25 buildings with a total of 402 homes in Spain and seeks to start a consolidation process in its sector in combination with VBARE, owner of 220 homes in the same segment.

- The offer to the entire shareholder base of VBARE is made at €8.31 per share, with a premium of 45% on VBARE's current share price and of 37% on the average share price over the last twelve months.
- Transaction with mixed payment: €6.56 per share in cash and €1.75 in ADVERO shares.
- The total amount of the offer is €30 million, of which €23.7 million in cash and €6.3 million in shares.
- The mixed payment will allow existing VBARE shareholders who so wish to continue to participate in a growing company in the middle-income residential segment in Spain, whose performance since its foundation has been highly value-creating for ADVERO shareholders.
- The value of the combined portfolio of both companies (GAV) would be set around €130 million, with a combined debt of around 30% of said value.
- ADVERO has set as a condition to obtain at least a 51% acceptance of VBARE's shareholding.

Barcelona, August 2, 2024 - The General Shareholders' Meeting of ADVERO Properties SOCIMI, S.A. ("ADVERO"), a real estate investment company listed on BME Growth, specialised in medium-income rental housing, has approved this morning to offer the shareholders of VBARE Iberian Properties SOCIMI, S.A. ("VBARE") the purchase of its shares at a price of 8.31 euros per share.

The offer grants a premium of 45% over VBARE's current share price and of 37% over the average share price of the last twelve months and is made through a mixed payment in cash (79% of the price) and in new ADVERO shares (21%), the later issued at 10.50 euros per share.

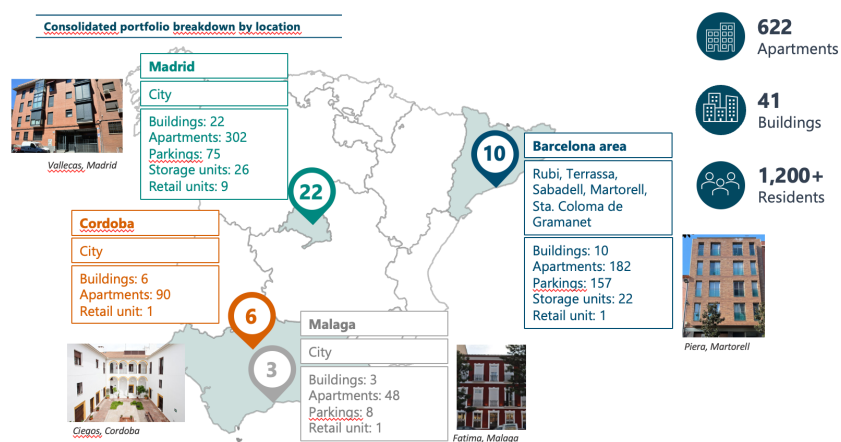

Since its incorporation, ADVERO has had the will to develop a long-term project in the residential rental market in Spain, which will transform the imbalance between supply and demand in the country, while generating interesting returns for shareholders.

ADVERO's business plan envisages not only growth through the acquisition of residential assets but also the possibility of joining forces with other companies in the sector in order to consolidate and professionalise the middle-income residential rental market in Spain and optimise the profitability of the combined companies.

ADVERO and VBARE specialise in the acquisition and management of middle-income residential assets in Spain. Their similar size and strategic focus make both companies highly complementary to strengthen a long-term project, which ADVERO has been committed to since its incorporation in 2017.

ADVERO owns 25 residential buildings with a total of 402 homes in the cities of Madrid, Malaga, Cordoba and the Barcelona catchment area, while VBARE owns 16 buildings with 220 homes, located exclusively in the city of Madrid.

If the offer is accepted, the new group would strengthen its presence in Spain as follows:

As is usual in such consolidations, and particularly in this case involving two listed companies, ADVERO has identified significant operational and corporate synergies, which would significantly enhance shareholder returns in a company that would double its revenues to around 6 million euros and the value of its portfolio to around 130 million euros from the combination of the two businesses.

The significant increase in size should also provide a platform for ADVERO to enhance its value-added service offering to residents, opening up additional revenue streams, improving operating yields and investor returns.

The mixed payment will allow existing VBARE shareholders who so wish to continue to participate in a growing company in the middle-income residential segment in Spain, whose evolution since its foundation has been highly value generating for ADVERO shareholders, as demonstrated by the steady upward evolution of its NAV/share and its share price, the latter with a cumulative appreciation of 118% since its first capital increase in February 2018¹.

For those VBARE shareholders who opt for a full divestment and wish to sell the ADVERO shares received, it is ADVERO's will to use its best efforts to facilitate an orderly exit.

¹ Past performance is no guarantee of future results.

To issue this offer, the ADVERO Shareholders' Meeting has approved at the same meeting a cash capital increase through the issue of 1,572,864 shares at a price per share of 10.50 euros, for a total amount of 16.5 million euros, as well as the issue of up to a maximum of 601,632 additional shares at the same price of 10.50 euros per share for the payment in company's shares.

For the subscription of the cash increase, ADVERO has had the support, among other investors, of its two relevant institutional shareholders: HNA (Spain architects and engineers' mutual insurance company) and Mutualidad (Spain lawyers' mutual insurance company). In addition, TripleO d'Inversions S.L.U., an investment vehicle of the Reig Patrimonia business group, has joined ADVERO's shareholding with a 5.5% stake and its board of directors.

The complete information on the offer sent to VBARE shareholders, which is available on BME Growth and ADVERO's website, is attached to this document.

IV. PURPOSE OF THE OFFER

The stock market value of VBARE shares has had an eminently bearish behaviour in the last four years, with a 48% devaluation between December 31, 2020 and July 31, 2024. This may have been due to various circumstances, which it is not ADVERO's intention to consider, but which could have led VBARE shareholders to have different needs regarding their investment in the company.

ADVERO formulates this Offer with the desire to create a residential rental platform with more than 600 homes (402 owned by ADVERO plus approximately 220 owned by VBARE) with better geographical diversification, improved market positioning and greater operational efficiencies through economies of scale.

In turn, the Offer made by ADVERO will provide liquidity to those VBARE shareholders who wish to reduce their exposure to the middle-income real estate sector in Spain, while at the same time offering a possibility of permanence to those who wish to become part of the resulting company and participate in its future development.

V. SCOPE OF THE OFFER

This Offer is addressed to all the shareholders of the Target Company, with the aim to acquire all of the 3,609,790 shares representing 100% of the capital shares of the Target Company.

The Offer is formulated under the premise that the Target Company has no bonds convertible into shares and no other similar instruments that could give it the right, directly or indirectly, to subscribe or acquire shares of the Target Company.

The Offer is made exclusively on the Spanish market, the only market in which VBARE shares are traded, and is addressed to ALL VBARE SHAREHOLDERS, REGARDLESS OF THEIR NATIONALITY OR RESIDENCE.

VI. PRICE OFFERED

6.1 Amount of the Offer and justification of the calculation.

The price offered by ADVERO to VBARE shareholders is 8.31 euros per VBARE share (the "Share Price").

The Offer is formulated as a combination of cash and shares, of which 6.56 euros per share to be settled in cash, and 1.75 euros per share payable in shares of ADVERO, which will be issued for this purpose.

In the event that the Offer is accepted by 100% of the shareholders of VBARE, the total amount to be paid by the Offering Company would be 29,997,354.90 euros, of which 23,680,218.90 euros would be paid in cash, and 6,317,136.00 euros in ADVERO shares.

The VBARE share capital was valued at the amount, in euros per share, resulting from dividing the valuation of VBARE by the total number of shares of the company at the time the Offer was made, which coincides with the date of approval of the ADVERO Shareholders' Meeting resolution.

The price offered is the result of a valuation analysis carried out by ADVERO taking into account the following:

- (i) VBARE balance sheet as of 30th June 2024, particularly as it relates to its real estate assets, but also those items that must be considered in order to reach a fair value of the shares of the company. Among them, the financial debt and the debt service; the present value of the overheads; as well as present and potential tax liabilities. This analysis yielded a valuation of 30 million euros;

Additionally, and as previously stated in this document, the market value of VBARE shares has exhibited a significantly bearish behaviour in the last four years, with a devaluation of 48% between 31st December 2020 and 31st July 2024. This cannot be left aside in valuation of the company's shares, and one must include in the value reached in point (i) above, the following circumstances:

- (ii) Current share price of VBARE in BME growth at 5.75 euros per share is equivalent to a market capitalisation of 20.8 million euros;
- (iii) Average trading share price over the last twelve months at 6.07 euros per share is equivalent to a market capitalisation of 21.9 million euros

The Offer is thus issued at the highest of the three aforementioned values, i.e. 30 million euros, which represent a premium over VBARE's current market capitalisation of 45% and 37% over the average of the last 12 months.

6.2 Form of payment

The Offer is formulated as a combination of cash and shares, of which 6.56 euros per share to be settled in cash and 1.75 per share, payable in ADVERO shares, which will be issued for this purpose.

Since ADVERO will pay 21.05897677% of the total price in the form of an exchange of securities, the ADVERO Shareholders' Meeting has approved the issuance of new shares in the amount necessary to fully cover the exchange, in a capital increase without pre-emptive subscription rights, which will be delivered to VBARE shareholders in the proportion resulting from the exchange ratio referred to below. These shares will be listed for trading on BME Growth and will have the same rights as those already outstanding.

The new ADVERO shares to cover the exchange will be issued at a price of 10.50 euros per share, of which 5.00 euros correspond to the par value and 5.50 euros to the issue premium. This issue price is equivalent to the price at which ADVERO, on the same date of approval of the Offer by the Shareholders' Meeting of ADVERO, and previously, has issued new shares in the cash capital increase to cover the cash payment of the Offer.

According to the value of the VBARE shares and the issue value of the ADVERO shares, the exchange calculated with these values will be ONE (1) ADVERO share for every SIX (6) VBARE shares, which will be carried out in such proportion by rounding down to the nearest whole number of ADVERO shares and delivering the difference in cash. Accordingly, if any VBARE shareholder makes a declaration for less than 6 shares of the Target Company, payment will be made in cash only.

As an example, if a shareholder holding 165 VBARE shares accepts the offer, the calculations would be as follows:

Calculation

- **165 shares x 8.31 euros payable per share = 1,371.15 euros total value of Offering**
- 6.56 euros per share payable in cash x 165 shares = 1,082.4 euros value to be received in cash
- 1.75 euros per share payable in shares x 165 shares = 288.75 euros of value to be received in ADVERO shares.
- 288.5 divided by 10.5 euros per ADVERO share = 27.5 ADVERO shares (or $165/6=27.5$). In this case, a rounding off to 27 shares is made, with the decimals being paid in cash.

Liquidation:

- Cash: 1,082.4 euros
- Exchange in shares: 27 ADVERO shares
- Remaining cash: 0.5 shares x 10.50 euros/share = 5.25 euros.

The shareholder obtains: 1,087.65 euros in cash (1,082.4 euros + 5.25 euros) and 27 new ADVERO shares, which at 10.50 euros per share represents **a total value paid for their VBARE shares of 1,371.15 euros**

6.3 Lock up clause

The acceptance of this Offer will mean an acceptance by the shareholders of VBARE to the commitment not to sell the shares of ADVERO that they subscribe in exchange on the terms indicated in this Offer, during a period of 6 months from the receipt thereof.

The purpose of this limitation is to allow VBARE shareholders a reasonable period of time in which to contact ADVERO's investor relations department and to be able to express their willingness to fully divest or to remain in the new company in the proportion of the payment received in ADVERO shares.

For those shareholders who opt for a total divestment and wish to sell the received ADVERO shares, it is ADVERO's will to use its best efforts to facilitate an orderly exit on the best terms.

VII. CONDITIONS PRECEDENT OF THE OFFER

This Offer is subject to the following conditions:

- a) To the acceptance of the Offer by VBARE shareholders holding, in aggregate, shares representing at least 51% of the share capital of VBARE. ADVERO does not intend to waive the condition of the minimum level of acceptance of the Offer detailed in this paragraph, although it reserves the right to do so depending on the level of acceptance of the Offer.
- b) The authorization of the Offering, if necessary, by any administrative authority.

VIII. LIMITATION OF ACTION TO ADMINISTRATIVE AND MANAGEMENT BODIES

From the date of publication of the Offer until the settlement of the Offer, or, if applicable, the publication of the negative result of the Offer, the administrative and management bodies of VBARE shall manage the day-to-day business of the Target Company under the "business as usual" policy.

In particular, the shareholders' meeting of the Target Company must refrain from initiating, approving or carrying out any procedure aimed at (i) the issuance of securities that may prevent the Offering Company from obtaining control of the Target Company; (ii) the distribution of extraordinary dividends or remuneration in any other way that does not follow the usual policy of distribution of dividends to the shareholders or holders of other securities of the Target Company, unless the corresponding corporate resolutions had been previously approved by the competent corporate body and made public; and (ii) the adoption of any resolution that alters the bylaws of the Target Company. Likewise, they shall refrain from proceeding to the alienation or disposal of assets by any title and from carrying out or promoting, directly or indirectly, transactions on the securities affected by the Offer, when this may impede the success of the Offer.

With respect to decisions taken before the beginning of the period referred to in the preceding paragraph and not yet fully or partially implemented, the general meeting of the Target Company must approve or confirm any decision that is not part of the normal course of business of the company and whose implementation may impede the success of the offer.

IX. ACCEPTANCE PROCEDURE, DEADLINE FOR ACCEPTANCE AND SETTLEMENT OF THE OFFER

The Offering Entity, after the approval of the Offer by the General Shareholders' Meeting to which this transaction is submitted, will communicate to BME Growth through "*Other Relevant Information*" the circumstance of its approval and the full text of the Explanatory Document of the Offer, which will also be published on its website.

The period for acceptance of the Offer (the "**Acceptance Period**") is 40 calendar days and will commence on the business day following the date of publication of the "*Other Relevant Information*" on the BME Growth website.

Moreover, the Offering Company may extend the Offer Acceptance Period, at its sole discretion, by a maximum of 25 calendar days. In such case, such extension shall be announced at least 3 calendar days prior to the expiration date of the initial term.

9.2 Acceptance procedure

Within the Acceptance Period, VBARE shareholders who wish to accept the Offer must contact the bank or financial institution where their shares are deposited and, through the means made available to their clients by each participating institution, express their desire to accept the Offer, indicating the number of shares in respect of which the Offer is accepted, which will be paid at a rate of 6.56 euros per share in cash, and 1.75 euros per share in exchange for ADVERO shares in the proportion indicated in the Exchange Ratio.

The holders of VBARE shares who may express their acceptance of the Offer shall be those who are entitled to do so according to the accounting records until the end of the Acceptance Period, or its extension, if applicable, and may do so with respect to those shares that are free of liens, encumbrances and other rights of third parties that limit their political or economic rights, and shall be freely transferable and shall be transferred with all their rights. The shareholders of VBARE may accept the Offer in whole or in part on the VBARE shares held by them and may only express their acceptance in respect of a single set of shares.

The participating entities will be responsible for collecting the acceptances and will be responsible for the ownership and availability of the securities to which such acceptances refer, as well as for the absence of encumbrances, liens or rights of third parties that limit the political or economic rights of the securities or the free transfer of the shares.

Declarations of acceptance of the Offer will be accepted from the first day of the Acceptance Period and until the last day of the Acceptance Period, or its extension, if applicable, both inclusive. Acceptances will be deemed to be issued on an irrevocable, unconditional, firm and binding basis and, if the conditions of the Offer are fulfilled, will constitute a transfer order, with all its inherent political and economic rights, of the shares in respect of which the acceptance has been expressed, in accordance with the conditions of the Offer.

The declarations of acceptance by the shareholders of VBARE shall be accompanied by sufficient documentation to enable the transfer of the shares to proceed and must include all significant data required by the regulations applicable to this type of transaction.

9.3 Publication of the result

Once the Acceptance Period or its extension, as provided in section 9.1 above, has elapsed, the Agent Entity shall communicate to the Offering Company the total number of acceptances validly received during the Acceptance Period and, therefore, the result of the Offer. The Offering Company shall communicate the result of the Offer to the Target Company, and it shall be published on BME Growth's website.

In the event that any of the conditions referred to in clause VII are not met, the negative result of the Offer will be published, which will be without effect, except as stipulated in paragraph a) of said clause, which will be at the final discretion of ADVERO.

9.4 Settlement of the Offer

Since the payment of the price of the VBARE shares combines payment in cash and in newly issued ADVERO shares, the settlement and payment of the Offer price will be made on the same date, according to the procedures of Iberclear, the management company of the securities registration, clearing and settlement systems of the Spanish market.
