

Madrid, 18 de diciembre de 2025

Energy Solar Tech, S.A. (en adelante, "Energy Technologies" o la "Sociedad"), en virtud de lo previsto en el artículo 17 del Reglamento (UE) nº 596/2014 sobre abuso de mercado y en el artículo 227 de la Ley 6/2023, de 17 de marzo, del Mercado de Valores y de los Servicios de Inversión y disposiciones concordantes, así como en la Circular 3/2020 del segmento BME Growth de BME MTF Equity ("BME Growth"), pone en su conocimiento la siguiente:

OTRA INFORMACION RELEVANTE

La sociedad comunica que hoy, 18 de diciembre de 2025, sus acciones han sido admitidas a negociación en Euronext Growth Paris con el ticker **ALETC**, mediante un procedimiento de technical listing, sin emisión de nuevas acciones ni ampliación de capital asociada a dicha admisión.

La cotización en Euronext Growth Paris se sumará a la ya existente en BME Growth, configurando así una doble cotización.

Los objetivos de esta operación son:

- Incrementar la visibilidad y liquidez de las acciones de la Compañía en los mercados de capitales europeos.
- Ampliar la base inversora, facilitando el acceso a inversores institucionales y cualificados vinculados a los sectores de transición energética, sostenibilidad y tecnología.
- Impulsar la internacionalización, posicionando a la Compañía en uno de los mercados bursátiles más dinámicos de la Unión Europea. Esta admisión refuerza su proyección internacional, incrementa el reconocimiento de marca en el ámbito europeo y consolida su presencia en el ecosistema financiero global. Con ello, Energy Technologies avanza en su estrategia de expansión más allá de sus mercados tradicionales.
- Favorecer la liquidez y diversificación accionarial, mediante la negociación en un mercado de mayor volumen.
- Apoyar la estrategia de crecimiento e inversión a medio plazo, reflejada en los estados financieros consolidados de 2023, 2024 y primer semestre de 2025, que muestran un sólido desempeño operativo y una estructura de capital robusta.
- Reforzar la gobernanza corporativa, transparencia y disciplina de mercado, asegurando el cumplimiento de las obligaciones de información y comunicación establecidas en el Reglamento Europeo de Abuso de Mercado (MAR) y demás normativa aplicable.

La admisión a negociación en Euronext Growth Paris no implicará modificación alguna en los derechos de los accionistas ni en la estructura de voto recogida en los Estatutos Sociales de la Compañía (16 de abril de 2024), ni alterará el marco contable bajo el cual se elaboran las cuentas consolidadas del Grupo.

Sobre Euronext (adjuntamos presentación al final del documento)

Euronext es el principal mercado de valores de Europa, con cerca de 1.800 compañías cotizadas y una capitalización agregada de 6,3 billones de euros, e integra siete mercados en un único pool de liquidez paneuropeo. También es el primer mercado europeo en negociación de renta variable, ya que concentra el 26 % del volumen total negociado, con un volumen medio diario de 12.200 millones de euros.

En el ámbito de las pymes y compañías en expansión, Euronext cuenta con el ecosistema más profundo del continente, con aproximadamente 1.400 pequeñas y medianas empresas y más de 550 en Euronext Growth. Este universo atrae a una base de inversores institucionales excepcionalmente amplia: 4.200 inversores de 77 países, con una fuerte presencia de Estados Unidos, el Reino Unido y Europa continental.

Los datos de junio de 2025 confirman que Euronext es el mayor mercado de renta variable de Europa por capitalización, por delante del London Stock Exchange Group, Deutsche Börse, SIX-BME y Nasdag Nordic & Baltic.

Euronext también destaca como plataforma de referencia para las compañías vinculadas a la transición energética y la sostenibilidad. En Euronext Growth, el 36 % de los emisores pertenece al segmento General Tech, mientras que el 12 % adicional corresponde a empresas de tecnologías limpias (Cleantech), entre las que se incluyen compañías de energías renovables, eficiencia energética, tecnologías limpias y soluciones de mitigación del cambio climático.

Preguntas sobre este proceso:

La compañía ha preparado un documento de preguntas y respuestas relativo a la admisión a negociación en Euronext Growth Paris mediante technical listing, disponible en el siguiente enlace: https://energysolartech.com/fags-para-inversoresdoble-cotizacion/. Para cualquier cuestión no cubierta en dicho documento, el equipo de Relaciones con Inversores queda a su disposición.

De conformidad con lo dispuesto en la citada Circular 3/2020 se indica que la información comunicada por la presente ha sido elaborada bajo la exclusiva responsabilidad de la Sociedad y sus administradores.

Atentamente,

D. Alberto Hernández Poza Consejero Delegado **Energy Technologies**

Madrid, December the 18th 2025

Energy Solar Tech, S.A. (hereinafter, 'Energy Technologies' or the 'Company'), pursuant to the provisions of Article 17 of Regulation (EU) No. 596/2014 on market abuse and Article 227 of Law 6/2023, of 17 March, on the Securities Market and Investment Services and related provisions, as well as Circular 3/2020 of the BME Growth segment of BME MTF Equity ('BME Growth'), hereby informs you of the following:

OTHER RELEVANT INFORMATION

The company announces that, as of today (December the 18th 2025), its shares have been admitted to trading on Euronext Growth Paris under the ticker symbol **ALETC**, through a technical listing procedure, without the issuance of new shares or a capital increase associated with such admission.

This admission will complement the Company's existing listing on BME Growth, thereby establishing a dual listing.

The objectives of this dual listing are:

- Enhancing visibility and liquidity of the Company's shares within European capital markets.
- Broadening the investor base, facilitating access to institutional and qualified investors aligned with energy transition, sustainability and technology sectors.
- Supporting internationalisation, by positioning the Company within one of the most dynamic stock markets in the European Union. This admission strengthens its international profile, enhances brand recognition across Europe, and consolidates its presence within the global financial ecosystem. In doing so, Energy Technologies advances its expansion strategy beyond its traditional markets.
- Facilitating liquidity and shareholder base expansion, through trading in a higher-volume market.
- Backing the medium-term growth and investment strategy, as reflected in the consolidated financial statements for 2023, 2024 and H1 2025, which demonstrate strong operational performance and a solid capital structure.
- Reinforcing corporate governance, transparency and market discipline, ensuring compliance with reporting and disclosure obligations under the EU Market Abuse Regulation (MAR) and other applicable securities laws.

The admission to Euronext Growth Paris will not entail any modification to shareholders' rights or voting structure as set out in the Company's By-laws (16 April 2024), nor will it alter the accounting framework under which the Group prepares its consolidated financial statements

About Euronext (Presentation attached at the end of the document):

Euronext is Europe's leading stock exchange, with close to 1,800 listed companies and an aggregate market capitalisation of €6.3 trillion, integrating seven markets within a single pan-European liquidity pool. It is also the foremost European market for equity trading, concentrating 26% of total trading volumes and recording an average daily turnover of €12.2 billion.

In the sphere of SMEs and growth companies, Euronext offers the deepest ecosystem on the continent, with approximately 1,400 small and medium-sized enterprises and more than 550 listed on Euronext Growth. This universe attracts an exceptionally broad institutional investor base: 4,200 investors from 77 countries, with a strong presence from the United States, the United Kingdom and continental Europe.

Data as of June 2025 confirm that Euronext is the largest equity market in Europe by market capitalisation, ahead of the London Stock Exchange Group, Deutsche Börse, SIX-BME and Nasdaq Nordic & Baltic.

Euronext also stands out as a benchmark platform for companies linked to energy transition and sustainability. On Euronext Growth, 36% of issuers belong to the General Tech segment, while an additional 12% are Cleantech companies, including renewable energy, energy efficiency, clean technology and climate change mitigation solutions companies.

Process FAQ:

The company has prepared a question and answer document regarding admission to trading on Euronext Growth Paris through technical listing, which is available at the following link: https://energysolartech.com/en/fags-for-investors-dual-listing/ For any questions not covered in this document, the Investor Relations team is at your disposal.

In accordance with the provisions of Circular 3/2020, it is hereby stated that the information communicated herein has been prepared under the sole responsibility of the Company and its directors.

Yours faithfully,

Mr Alberto Hernández Poza Chief Executive Officer Energy Technologies
