

OTHER RELEVANT INFORMATION ASTURIANA DE LAMINADOS, S.A.

13 MARCH 2023

Pursuant to the provisions of article 17 of Regulation (EU) no. 596/2014 on market abuse and article 227 of the revised text of the Securities Market Act, approved by Royal Legislative Decree 4/2015, of 23 October, and concordant provisions, as well as BME GROWTH Circular 3/2020, we hereby inform you of the following information relating to the company **ASTURIANA DE LAMINADOS, S.A.** (hereinafter “ELZ” or “the Company”)

In March 2023, ASTURIANA DE LAMINADOS and EDP started up one of the largest photovoltaic plants in Asturias.

The solar generation plant, which in this first phase will have 2.9 megawatts peak power, will consist of more than 6,500 solar panels, which will occupy an area of 13,000 square meters on the roofs of ASLA, almost two soccer fields.

With this installation, ASLA will achieve an estimated annual saving of 17% of its electricity consumption, almost 3 million kilowatt hours. In addition, it will avoid the emission of 893 tons of CO2 each year, a positive impact on air quality similar to that of more than 65,000 new trees. EDP guarantees a minimum annual production of 2,592 MWh/year (90% of the initial forecast).

The self-consumption photovoltaic installation is part of a contract that will be developed as a service for 8 years within the scope of RD 244/2019. EDP will pay 100% of the initial investment and will supply the energy produced by the solar panels to ASLA during the term of the contract. After these 8 years, ASLA acquires ownership of the solar installation, which has a useful life of at least 25 years. A subvention has been requested from the Principality of Asturias for investment in self-consumption installations with renewable energy sources.

The rest of the energy consumed by ASLA will also be supplied by EDP, as part of the agreement that both companies have had for years.

In compliance with the provisions of BME Growth Circular 3/2020, it is hereby expressly stated that the information provided has been prepared under the sole responsibility of the issuer and the Chairman of the Board of Directors.

In Lena, 13 March 2023.

D. Macario Fernández Fernández
Chairman of the Board of Directors
