OTHER RELEVANT INFORMATION

Holaluz-Clidom, S.A. communicates to its investors the content of a stock analysis note made by Victor Peiró, Director of Analysis at GVC Gaesco. This document relates the current valuation of Holaluz to the context of market trends and also in comparison with the valuations of competing companies in the solar installation sector.

The report highlights that, due to differences in business models, Holaluz in his opinion shows significant growth potential in the share price compared to competing companies. It emphasizes Holaluz’s unique strategy of integrating solar installations into its energy management business and believes that it could, in his opinion, reach a market value of 180m€ in the medium term.
