

MAB KEY INDICATORS. SEPTEMBER 2019

## MAB doesn't rest even on vacation: new listed companies in august

During August MAB has continued its activity, 2 companies were incorporated, **KOMPUESTOS** in the Growth Companies segment and **PERSÉPOLIS** in the REIT segment. Both were incorporated on August 12 and with these two, already amounts to 14 the incorporations this year in MAB. [Kompuestos MORE +](#) [Persépolis MORE +](#)

### MAB & MARF consolidate as an alternative financing source for companies

Spanish companies have reduced their dependence on bank financing, thanks to BME alternative markets and other forms of financing. Spanish stock markets already contribute 40% of business financing. [MORE +](#)

### MAB as an option to Venture Capital Disinvestment

The "exit" of venture capital entities (ECR) of its investees is an issue always present in the horizon of their investment. MAB could be a good option to instrumentalize this disinvestment. Many companies listed on the MAB have ECR among their shareholders, who can organize the disinvestment after or even at the first trading date. A clear example is **KOMPUESTOS**. [MORE +](#)

### Asebio Investor Day 2019: New meeting with investors

The biannual meeting of Spanish biotechnology investors will be held at the Madrid Stock Exchange Palace on September 25 and 26. The biotechnology companies of the BME markets will take the opportunity to present their innovative projects to a group of specialized investors and leading pharmaceutical companies in the sector.
