Holaluz and Izertis celebrate the traditional MAB's bell ringing

On November 29th, **Holaluz** celebrated its listing with a valuation of €160 million. The listing has been executed through a mixed operation combining a capital increase, amounting €30 million, with an IPO, carried out by its main shareholders, facilitating therefore, a partial disinvestment from Axon ICT III venture capital fund. **Holaluz'** vision is to connect people with energy that is 100% renewable. **Izertis**, on the same week, reached a remarkable market cap of more than 50 million after a booming starting session, which shows the interest of many investors on this technological consultant.
