BME GROWTH in 2021: a year of records and success

The companies listed on **BME Growth** have been able to adapt and grow in a year that has still been conditioned by the pandemic. The following figures support this good performance:

- **More liquidity:** The turnover amounts to more than €934 million (15% more than in 2020).
- **More financing:** €960 million have been raised through 80 corporate transactions.
- **More companies:** 16 new companies were listed in 2021.
- **Greater capitalization:** BME Growth capitalization reached €19,083 million (20% higher than in 2020).

Another success case in BME Growth: Atrys Health to leap to the senior Stock Exchange

ATRY'S HEALTH, a **BME Growth** company engaged in providing precision medical prediction, prevention, diagnosis and treatment services, is getting ready for listing on the Spanish Stock Exchange after a successful track record of more than 5 years on **BME Growth** once it has reached maturity and relevant size.

Throughout this journey, we have witnessed how a company with an initial size of €12 million has grown exponentially to reach a value of €600 million thanks, in part, to the tools provided by a SME market specialized in this type of companies such as **BME Growth**. **Congratulations ATRY'S!**
